1) Excitability of spinal motor neuron; Electrophysiological analysis of F-waves during isometric contraction and contralateral contraction.
Toshiaki SUZUKI, Isao TAKEDA, Tetsuji FUJIWARA
The Fourth General Assembly of Asian Confederation for Physical Therapy.
Indonesia 1990.10.9

2) F-waves in cerebrovascular disease.
Toshiaki SUZUKI, Isao TAKEDA, Tetsuji FUJIWARA
World Confederation for Physical Therapy; 11th International Congress. UK 1991.8.2

3) Cervical evoked potentials recorded by surface electrodes to posterior tibial nerve stimulation.
Tetsuji FUJIWARA, Toshiaki SUZUKI, Isao TAKEDA, Kei SEKO

4) Influence of voluntary contraction of elbow flexor muscles on contralateral spinal motor neuron function.
Toshiaki SUZUKI, Tetsuji FUJIWARA, Isao TAKEDA, Hiroyasu IWATSUKI
The Science & Art of Physiotherapy. Hong Kong 1993.7.23

5) Changes of H reflex and somatosensory evoked potentials before and during vibration load.
Hiroyasu IWATSUKI, Junko HOSOI, Kikuo SHINODA, Tohru MAEZONO
Toshiaki SUZUKI, Yasushi UCHIYAMA
The Science & Art of Physiotherapy. Hong Kong 1993.7.24

6) Characteristics of F-wave during relaxation in patients with cerebrovascular disease.
Toshiaki SUZUKI, Tetsuji FUJIWARA, Isao TAKEDA
Ⅷth International Congress of Electroencephalography and Clinical Neurophysiology. Canada 1993.9.3

7) Ascending spinal cord conduction velocity measurement using skin surface electrodes in normal adults.
Tetsuji FUJIWARA, Toshiaki SUZUKI, Isao TAKEDA, Kei SEKO
Ⅷth International Congress of Electroencephalography and Clinical Neurophysiology. Canada 1993.8.31

8) Electrophysiological study of spinal motor neuron function in patients with cerebrovascular diseases.
Characteristic appearances of the H-reflex and F-wave
Toshiaki SUZUKI, Tetsuji FUJIWARA, Yoshiro YASE, Shin-ichi DAIKUYA, Hiroaki HIROSE
12th International Congress of the World Confederation for Physical Therapy.
USA 1995.6.30

9) Appearance pattern of the H-reflex and F-wave in patients with
cerebrovascular diseases.
Toshiaki SUZUKI. Tetsuji FUJIWARA. Yoshiro YASE.
Shin-ichi DAIKUYA. Hiroaki HIROSE
Xth International Congress of Electromyography and Clinical Neurophysiology.
JAPAN 1995.10.19

10) The silent period in healthy subjects in relation to grade of isometric contraction.
Shin-ichi DAIKUYA. Toshiaki SUZUKI. Hiroaki HIROSE. Tetsuji FUJIWARA.
Xth International Congress of Electromyography and Clinical Neurophysiology.
JAPAN 1995.10.19

11) F-wave in the upper extremity during supine, sitting and standing.
Toshiaki SUZUKI. Yoshiro YASE. Shin-ichi DAIKUYA. Hiroaki HIROSE.
Tetsuji FUJIWARA
1996 International Physiotherapy Conference
MALAYSIA 1996. 9.17

12) Vastus medialis oblique muscle activity in volleyball players with knee mal-alignment.
Shin-ichi DAIKUYA. Toshiaki SUZUKI. Hiroaki HIROSE.
1996 International Physiotherapy Conference
MALAYSIA 1996. 9.18

Rie NABETA. Makiko TANI. Toshiaki SUZUKI. Yoshiro YASE
The Fourth World Conference on Acupuncture
USA 1996.9.20

14) EMG analysis for acupuncture therapy in a patient with spasmodic torticollis.
Makiko TANI. Rie NABETA. Toshiaki SUZUKI. Yoshiro YASE
The Fourth World Conference on Acupuncture
USA 1996.9.20

-F-wave study
Toshiaki SUZUKI. Makiko TANI. Rie NABETA. Yoshiro YASE
The Fourth World Conference on Acupuncture
USA 1996.9.20

16) Characteristics of spinal neural function during continued stretching in the patients with cerebrovascular diseases.
Toshiaki SUZUKI. Yoshiro YASE. Makiko TANI. Rie NABETA.
Tetsuji FUJIWARA. Shin-ichi DAIKUYA. Hiroaki HIROSE.
Satoru NISHIGUCHI
The 14th International Congress of EEG and Clinical Neurophysiology. ITALY 1997.8.25

17) EMG analysis for long-term acupuncture treatment and single acupuncture stimulation in a patient with spasmodic torticollis.
Makiko TANI. Rie NABETA. Toshiaki SUZUKI. Yoshiro YASE
18) The effect of acupuncture stimulation in the patients with Parkinson syndrome. 
Rie NABETA. Makiko TANI. Toshiaki SUZUKI. Yoshiro YASE  
The 14th International Congress of EEG and Clinical 
Neurophysiology. ITALY 1997.8.25

19) Effect of continued stretching in patients with cerebrovascular diseases. 
- H-reflex study -  
T. SUZUKI. Y. YASE. M. TANI. R. NABETA. S. DAIKUYA. H. HIROSE. 
S. NISHIGUCHI. T. FUJIWARA  
The 8th World Congress of the International Rehabilitation 
Medical Association. IRMA VIII. JAPAN 1997.9.2

20) Relationship between weight-bearing posture and central nervous system 
function - A silent period study in an upper-extremity - 
S. DAIKUYA. T. SUZUKI. H. HIROSE. S. NISHIGUCHI. T FUJIWARA  
The 8th World Congress of the International Rehabilitation 
Medical Association. IRMA VIII. JAPAN 1997.9.3

21) Characteristics of spinal neural function in the different stretched positions in 
patients with cerebrovascular diseases.  
T. SUZUKI. R. NABETA. M. TANI. S. DAIKUYA. H. HIROSE. S. NISHIGUCHI. 
Y. TANINO. T. FUJIWARA and E. SAITOH  
The First Asean Rehabilitation Medicine Association (ARMA) Congress. 
THAILAND 1998.12.11

22) Electrophysiological study on neuro-muscular function after isokinetic training 
and agility training.  
S. DAIKUYA, T. SUZUKI, H. HIROSE, S. NISHIGUCHI, Y. TANINO and 
T. FUJIWARA  
The First Asean Rehabilitation Medicine Association (ARMA) Congress. 
THAILAND 1998.12.11

23) Therapeutic effect of acupuncture in the patients with spasmodic torticollis.  
T.Suzuki, M.Tani, R.Nabeta, I.Wakayama, Y.YASE  
The 13th International Congress of WCPT. JAPAN 1999.5.24

24) Spinal neural function in the distal portion during stretching of 
affected elbow muscles in hemiplegic patients.  
T.Suzuki, S.Daikuya, H.Hirose, S.Nishiguchi, Y.Tanino, Y.Yase, 
T.Fujiwara and E. Saitoh  
13th International Congress of World Confederation for Physical 
Therapy. JAPAN 1999.5.27.

25) Correlation among dynamic leg alignment, muscle strength of lower 
extremity, vertical jump ability and knee pain in Japanese 
semi-professional volleyball players.
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.24.

26) Soleus silent period during various standing postures.
S. Daikuya, T. Suzuki, H. Hirose, S. Nishiguchi, Y. Tanino
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.25.

27) Excitability of spinal motor neuron function after TES (therapeutic electrical stimulation) in healthy subjects F-wave study.
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.27.

28) The effect of tapping by II and III fingers on human cerebral function - the study using short latency somatosensory evoked potential.
S. Nishiguchi, S. Daikuya, H. Hirose, Y. Tanino, T. Suzuki
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.25.

29) Relationship between muscle fatigue and the M-wave - study of the soleus muscle.
Y. Tanino, S. Daikuya, H. Hirose, S. Nishiguchi, T. Suzuki
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.25.

30) Electromyographic activity in paravertebral muscles in healthy subjects during hip extension and knee extension in the prone position.
Y. Miura, T. Suzuki
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.25.

31) H-reflex in the lower extremity during static stretch.
Y. Kurokawa, K. Gobara, N. Yamauti, Y. Nishioka
13th International Congress of World Confederation for Physical Therapy, JAPAN 1999.5.25.

32) The clinical and neurophysiological examinations on the effect of acupuncture in the patient with spasmodic torticollis.
T. Suzuki, M. Tani, R. Nabeta, I. Wakayama, Y. Yase
The 10th International Congress of Oriental Medicine, 1999.5.27, JAPAN.

33) The effect of acupuncture treatment for patient with spasmodic torticollis.
M. Tani, R. Nabeta, T. Suzuki, I. Wakayama, Y. Yase
34) The effect of acupuncture in the patients with cerebrovascular disease.
R. Nabeta, M. Tani, T. Suzuki, I. Wakayama, Y. Yase
The 10th International Congress of Oriental Medicine. 1999.5.27.

35) Characteristics of spinal neural function in the distal part during and after continued stretching of shoulder and elbow muscles in patients with cerebrovascular diseases.

36) The effect of acupuncture in the patients with spasmodic torticollis
International Conference 1999: Basic and Therapeutic Aspects of Botulinum and Tetanus Toxins USA, 1999.11.16.

37) Physical therapy for shin splints in Japanese professional female soccer players.
S. Daikuya, Y. Iwanaga, H. Mori, T. Suzuki

38) Physical therapy for hamstrings tear in a taekwondo player - a case report -
Y. Tanino, S. Daikuya, H. Mori, T. Suzuki

39) Spinal neural function in different stretched positions of shoulder and elbow muscles in patients with cerebrovascular diseases - F-wave study -

40) Soleus and gastrocnemius silent period with or without visual in natural standing and hemi-standing by dominant leg.
S. Daikuya, T. Suzuki, H. Hirose, S. Nishiguchi, Y. Tanino, H. Lee

41) Relationship between the M-wave amplitude and the joint movement during repetitive stimulation — Study in the tibialis anterior muscle —
42) Therapeutic exercise and the effect using electromyography in a patient with spasm coph tic tis collis
7th Asian Confederation for Physical Therapy Congress,
MAKATI, PHILIPPINES, 2000.9.8-10.

43) The silent period from soleus and gastrocnemius muscles in relation to condition of natural standing.
S. Daikuya, T. Suzuki, H. Hirose, Y. Tanino, H. Lee
7th Asian Confederation for Physical Therapy Congress,
MAKATI, PHILIPPINES, 2000.9.8-10.

44) The relationship between the spinal neuron function of affected arm and voluntary movement of the leg in a patient with cerebrovascular disease.
7th Asian Confederation for Physical Therapy Congress,
MAKATI, PHILIPPINES, 2000.9.8-10.

45) The clinical and electromyography evaluations on the effect of acupuncture in patients with spasm coph tic tis collis
T. Suzuki, M. Tani, R. Nabeta, I. Wakayama, Y. Yase
The 5th World Conference on Acupuncture WFAS, 2000.
SEOUl, KOREA, 12.13-15

46) The effect of acupuncture treatment on psychiatric patients with spasm coph tic tis collis
M. Tani, R. Nabeta, T. Suzuki, I. Wakayama, Y. Yase
The 5th World Conference on Acupuncture WFAS, 2000.
SEOUl, KOREA, 12.13-15

47) Clinical and neurophysiological effect by different state of acupuncture stimulation in patients with cerebrovascular disease
R. Nabeta, M. Tani, T. Suzuki, I. Wakayama, Y. Yase
The 5th World Conference on Acupuncture WFAS, 2000.
SEOUl, KOREA, 12.13-15

Tanino Y., Daikuya S., Nishimori T., Takasaki K. and Suzuki T.
14th Congress of International Society of Electrophysiology and Kinesiology (ISEK2002)

49) Test-retest reliability for recording the Erb’s point potential with a change of recording posture.
Daikuya S., Nishimori T., Tanino Y., Takasaki K. and Suzuki T.
14th Congress of International Society of Electrophysiology and Kinesiology
50) Combination of physical and acupuncture therapy: Acupoint Stimulation Physical Therapy (ASPT)
Suzuki T
The 4th World Confederation for Physical Therapy-Asia Western Pacific region & The 9th Asia Confederation for Physical Therapy Congress
KOREA. 2005.11

51) Muscular contraction of flexor hallucis and digitorum longus muscles promotes anterior translation of talus
Tanino Y, Yamauchi H, Hattori Y, Daikuya S, Nakasato S, Suzuki T
The 4th World Confederation for Physical Therapy-Asia Western Pacific region & The 9th Asia Confederation for Physical Therapy Congress
KOREA. 2005.11

52) Which do you choose halluces point or another as a contact part to floor on heel-raise exercise?
Daikuya S, Tanino Y, Yamauchi H, Nakasato S, Suzuki T
The 4th World Confederation for Physical Therapy-Asia Western Pacific region & The 9th Asia Confederation for Physical Therapy Congress
KOREA. 2005.11

53) Patella movement and knee alignment during the muscular contraction of the vastus medialis oblique muscle with electroacupuncture stimulation
Yamauchi H, Tanino Y, Hattori Y, Daikuya S, Nakasato S, Suzuki T
The 4th World Confederation for Physical Therapy-Asia Western Pacific region & The 9th Asia Confederation for Physical Therapy Congress
KOREA. 2005.11

54) New acupuncture method from clinical and electromyography evaluations in patients with cervical dystonia
Suzuki T
International symposium of acupuncture
PORTGUL. 2005.11

55) Hoffmann reflex from the vastus medialis oblique muscle during traction of the leg
Tanino Y, Takasaki K, Daikuya S, Kawano T, Suzuki T
The 17th Congress of the International society of Electrophysiology and Kinesiology
CANADA. 2008.6

56) Method of selecting the pelvic position during leg-extension exercise
Tanino Y, Takasaki K, Daikuya S, Suzuki T
10th International Congress of the Asian Confederation for Physical Therapy
JAPAN. 2008.8

57) Increase the excitability of spinal neural function during motor imagery with isometric opponens pollicis activity
58) Silent period and H reflex from soleus muscle as an index in neuro-muscular function after reconstruction of anterior cruciate ligament
Daikuya S, Ono A, Suzuki T, Yabe K
10th International Congress of the Asian Confederation for Physical Therapy JAPAN.2008.8

59) The premotor time from sternocleidomastoid muscle by the change of pressure time in acupoint stimulation physical therapy (ASPT) on LI4
Tani M, Onigata C, Suzuki T, Takasaki K, Yoneda H, Tanino Y, Shiomi N
10th International Congress of the Asian Confederation for Physical Therapy JAPAN.2008.8

60) Characteristics of H-reflex of Soleus Muscle in Acupoint Stimulation Physical Therapy (ASPT)
Toshiaki Suzuki, Makiko Tani, Sayuri Uragami, Chieko Onigata
The 15th International Congress of Oriental Medicine Japan.2010.2

61) Effect of Acupuncture Stimulation Applied to Hegu (LI4) on the Sternocleidomastoid Muscle on Reaction Time
Makiko Tani, Hidenori Sakai, Toshiaki Suzuki
The 15th International Congress of Oriental Medicine Japan.2010.2

62) Electrotherapy and Microcurrent Therapy: Current and Future Prospect in Japan
Toshiaki Suzuki

63) H-REFLEX AND M-WAVES FROM VASTUS MEDIALIS OBLIQUUS AND LONGS
Tanino Y, Daikuya S, Suzuki T
11th International Congress of the Asian Confederation for Physical Therapy Indonesia. 2010.10

64) Excitability of spinal neural function by different methods of motor imagery with isometric opponens pollicis activity –F-wave study
9th International Congress of Clinical Neurophysiology Japan. 2010.10

65) The H-reflex of soleus muscle in acupuncture stimulation physical therapy (ASPT)
29th International Congress of Clinical Neurophysiology
66) A change of the three-dimensional brain electric activity by the L14 (Heku) acupuncture stimulation
29th International Congress of Clinical Neurophysiology
Japan.2010.10

67) Characteristics of CMAP waveforms of vastus medialis obliquus and longus
Y. Tanino, T. Suzuki
29th International Congress of Clinical Neurophysiology
Japan.2010.10

68) The acupuncture treatment for patients with cervical dystonia
Tani M, Suzuki T, Sakai H, Yamada T, Wakayama I, Yoshida S, Mii H, Kinoshita T
WFAS 2010 International Acupuncture conference in the US
USA. 2010.11

69) Neurological research for effect of Bobath approach —Relation to clinical application with F wave—
A. Yamashita, E. Doi, T. Suzuki
The 6th Beijing International Forum on Rehabilitation
Beijing. China. 2011.10

70) The excitability of spinal neural function during several motor imagery tasks about isometric opponens pollicis activity
7th World Congress for NeuroRehabilitation.Australia.2012.5

71) Effect of difference of resistance part on activity ratio of vastus medialis obliquus/vastus lateralis during knee extension
Tanino Y, Kamiya A, Suzuki T
19th Congress of the International Society of Electrophysiology and Kinesiology (ISEK). Brisbane, AUSTRALIA. 2012.7.19-21

72) Excitability of Spinal Neural Function by Motor Imagery with Isometric Opponens Activity: Influence of Vision
Suzuki T, Bunno Y, Onigata C, Tani M, Uragami S
2nd Japan-Korea NeuroRehabilitation Conference. 2013.2.16

73) A novel method of acupuncture on writer’s cramp
Suzuki T, Tani M, Inoue H, Wakayama I, Yoshida S
SECOND INTERNATIONAL CONGRESS ON TREATMENT OF DYSTONIA,
Hannover, Germany. 2013.5.8-11

74) Excitability of spinal neural function during motor imagery of muscle contraction at different contraction strengths
Bunno Y, Onigata C, Iwatsuki H, Suzuki T
75) T wave in vastus medialis obliquus and vastus medialis longus muscles
Tanino Y, Suzuki T
Taiwan. 2013.9.5-9

76) Characteristic appearances of H-reflex and F-wave of the soleus muscle under increasing stimulus intensity
Yamashita A, Suzuki T, Bunnno Y
Taiwan. 2013.9.5-9

77) Knee flexion torque and hamstrings activity immediately after knee extension at various angular velocities
Yoshioka Y, Tanino Y, Suzuki T
Taiwan. 2013.9.5-9

78) Excitability of spinal neural function under relaxation imagery for two minutes
Suzuki T, Bunnno Y, Onigata C, Tani M, Uragami S
Taiwan. 2013.9.5-9

79) Effects of lavender oil aroma on the spinal motor neurons innervating the upper extremities
Yurugi Y, Suzuki T, Iwatsuki H
Taiwan. 2013.9.5-9

80) Gait stabilization with amelioration of somatosensory extinction phenomenon: a case report of a patient
Taduhara Y, Takagi R, Suzuki T
Taiwan. 2013.9.5-9

81) The effects of transcutaneous electrical nerve stimulation in relation to instability following ankle joint sprain
Yoshida T, Tanino Y, Suzuki T
The 6th Asia-Western Pacific Region Congress of the World Confederation for Physical Therapy & The 12th International Congress of Asia Confederation for Physical Therapy
Taiwan. 2013.9.5-9

82) The rehabilitation program in sports players after lumbar discectomy (med method)
Kishi S, Yoshida M, Nomura K, Yoshida T, Suzuki T
The 6th Asia-Western Pacific Region Congress of the World Confederation for Physical Therapy & The 12th International Congress of Asia Confederation for Physical Therapy
Taiwan. 2013.9.5-9
